**Adds Stain-Resistant
Protection From Spills &
Soil Buildup**

**Soil Guard 2000™ Formula Contains
DuPont Zonyl® Soil & Stain Protector
& Special Dye Site Blocker**

NET CONTENTS: 1 QUART

DESCRIPTION

This high performance product incorporates **Soil Guard® 2000** cleaning technology that is designed to provide a high-sudsing, soap free, dry-foam, shampoo that cleans, brightens, and retards soils on all types of rug, carpets, and upholstery. This shampoo dries to a crystalline residue, which encases grease and dirt for easy vacuuming. The new **Soil Guard® 2000** cleaning technology incorporates DuPont Zonyl® Soil and Stain Protector to deliver shampoo that cleans the carpet fibers more thoroughly than any product on the market today. This product is most effective on carpets that have been previously treated with a mill-applied fluorochemical stain-resistant treatment.

DIRECTIONS

For Rugs and Carpet: Vacuum carpet thoroughly. On non-resist carpet, spot stain prior to shampooing or foam cleaning. On stain resist carpet, spot stain after cleaning. Always use a split flag tip brush when using a rotary machine. The dirty solution can be vacuumed up immediately after scrubbing with a wet-dry pick-up vacuum. After the carpet has dried, vacuum. Set pile, if desired, on cut pile carpet. Shampoo with one pass of the machine, first in one direction and then back, overlapping about two inches. After shampooing, rinse the carpet with Rinse & Neutralizer per label instructions.

Upholstery Cleaning: First check for color fastness in inconspicuous area. Use caution to not overwet because of uncertainty of what is beneath the fabric. Use only the suds with a white cloth. This prevents overwetting. After drying, vacuum.

DIRECCIONES

Para las mantas y la alfombra: Alfombra del vacío a fondo. En no-resista la alfombra, mancha del punto antes de shampooing o de la limpieza de la espuma. En mancha resista la alfombra, mancha del punto después de limpiar. Utilice siempre un cepillo partido de la extremidad de la bandera al usar una máquina rotatoria. La solución sucia puede ser limpiada con la aspiradora para arriba inmediatamente después de fregar con un vacío mojado-seco de la recogida. Después de que la alfombra se haya secado, limpie con la aspiradora. Fije la pila, si está deseado, en alfombra cortada de la pila. Champú con un paso de la máquina, primero en una dirección y entonces trasero, traslapando cerca de dos pulgadas. Después de shampooing, aclare

la alfombra con la aclaración y el neutralizador por instrucciones de la etiqueta. Limpieza De la Tapicería: Primera comprobación para fastness de color en área discreta. Tenga cuidado no al overwet debido a la incertidumbre de cuál está debajo de la tela. Utilice solamente los suds con un paño blanco. Esto evita el overwetting. Después de secarse, vacío.

CAUTION

MAY CAUSE EYE OR SKIN IRRITATION WITH DIRECT CONTACT. Avoid contact with skin, eyes and clothing. Do not take internally. Wear rubber gloves when handling. Wash thoroughly with soap and water after handling. For professional use only. Keep out of reach of children. Read and understand the Material Safety Data Sheet (MSDS) before using this product.

FIRST AID

EYE CONTACT: Immediately flush with water for 15 minutes. If irritation persists, seek medical attention.
SKIN CONTACT: Flush with water followed by washing with mild soap and water. Remove contaminated clothing and launder before reuse. Seek medical attention if irritation develops.
INGESTION: Call physician immediately.

CONTAINS

Propylene Glycol n-Propyl Ether (1569-01-3), Sodium Lauryl Sulfate (151-21-3), Acrylic Copolymer (63744-68-3), Isopropyl Alcohol (67-63-0), Fragrance (N/A), Water (7732-18-5).
